

International Exhibition of Technologies for Growing, storing & marketing fruit products.

Exhibition of Apple & Garden

3-5
April
2024

Kazakhstan, Almaty
Atakent Expo Center

3 - 5 April 2024
Kazakhstan, Almaty

The Apple & Orchard exhibition is a global platform for new ideas and solutions, the only international exhibition in Kazakhstan dedicated exclusively to the cultivation, storage and sale of fruit products and planting material.

The international specialized exhibition is attended by producers of fruits and planting material, distributors of specialized equipment and tools, plant protection products and mineral fertilizers, drip irrigation and fertigation, service providers involved in agricultural support and laying gardens on a turnkey basis, owners and technologists of enterprises supplying equipment for storage, sorting, packaging and processing of fruits, leading specialists of scientific institutions, category managers of retail chains and processing plants, as well as managers of financial and leasing organizations.

Thematic sections of the exhibition:

- Padding material;
- Land reclamation and fertigation;
- Plant protection and nutrition;
- Advanced storage technologies;
- Pre-sale preparation, sorting;
- Fruit products container and packaging;
- Garden tools and household equipment;
- Home gardening;
- Saplings of fruit trees and shrubs;
